MRS. NASH ENTERTAINS CRADLE ROLL

Mrs. George Nash entertained the Cradle Roll department of the Baptist church at her home on McKee avenue yesterday afternoon. The affair was a very enjoyable one from every standpoint and an excellent program had been arranged for the guests. A delightful surprise was given the children in the nature of a silver spoon with their initials engraven thereon. There were about 40 children present and about 25 mothers. Mrs. George Jones assisted the hostess and at the close of the prorgam, a delightful lunch was served the guests. The program follows:

Personal Workers League

At 3 o'clock Sunday afternoon a general rally will be held in the Christian church, and all who are interested in this great "personal work" and who would like to become enlightened thereon are earnestly urged to be there, as it is thought definite steps will be taken to organize a "Personal Workers' League" for the good of Monessen. This is a most progressive and up-to-date movement and is sweeping the country, so try to attend and lend your interest.

Don't Forget to Remember that on Saturday, March 16, double Parke stamps will be given on all purchases at the general store of S. W. Nahi, 508 Sixth street. 40-2t

THE MAN OF THE HOUR IS ROBBINS

Hon. Elward E. Robbins, who is making a canvass of the Twenty second district for the Republican nomination for Congress will arrive in Monessen next week, and will meet and greet his many friends in this section. Col. Robbins is popular in the busy Monongahela valley and he will get the solid support of the voters of his party. There is little wonder that Monessen or the Twenty second district takes an active interest

HON. E. E. ROBBINS

in sending such an able man as Mr. Robbins to congress. With its diversified industries dependent upon a protective tariff to fortify them against the pauper labor of foreign shores, makes it important that a representative be sent to congress who is familiar with every phase of business conditions and who has both the learning and experience to meet these issues squarely when they come up in the form of laws. Mr. Robbins is a Republican, true as steel, a firm believer in the principles carved out by the immortal Lincoln and under which the country has grown rich

BOARD OF TRADE ADDRESSED BY F. J. McCALLISTER---INTERESTING BUSINESS MEETING

There was a spirited meeting of the Board of Trade held last night and besides the regular business there was a treat in store for the members in the form of a special program. F. J. McCallister of New Kensington, who is active in civic work in that town was the speaker of the evening and his remarks were along the line of the relation of the Board of Trade of the business man He was listened to with the keenest interest and his address was highly pleasing to all present.

The reports of committees brought much new business before the body. The Civic committee probably presented the most extensive plans for the year of any committee. The report suggested advice for the naming of all alleys in the town, the removal of some stagnant pools, the matter of hitching posts and a number of other matters that will receive attention later. H. Dallas McCabe for the advertising committee stated that progress was being made for establishing sign boards at cross roads designating distance etc., to Monessen, and that other matters were being considered. Jake Meyers brought up the proposition to abandon the annual Fourth of July celebration and hold a big dedicatory event over the opening of the new brick road and suggested creating a public market where farmers could land their wagons and dispose of their produce without the house to house canvass. The Fourth of July celebration was discussed briefly and the final decision was left with the merchants' auxiliary. A reoprt will be made at the next meeting. Under the head of new business H. Dallas McCabe suggested the advisability of a plan to take over the Opera house and converting it into a municipal building. The suggestion was made believing that it would be to the best interests of the town to have the building utilized. The civic committee was instructed to look into the feasibility of the plan and make a report later. He also suggested that the board of trade discuss plans for the establishing of a municipal garbage disposal and create a more effective means of getting rid of the filth and providing the system through taxation.

A. M. Thatcher chairman of the legislative committee, brought up the dog question, stating that the town was being overrun with curs and wanted advice for their disposition. Messrs. Duvall and Dale, councilmen, said they thought the issue would be taken care of through the activities of the ordinance officer. A change in the constitution was submitted permitting those to join the board who have business interests here. The meeting was adjourned until April.

Want Games With Monessen

The Wilkinsburg Athletic Association has formed an exceptionally strong ball team for the season and the people of the town are expecting some good work from them, as some of the fastest players of that locality have been procured, Mahoney, the fast boy of Wilkinsburg will cover middle field. Among the towns named, with which games are asked is found Monessen and Charleroi. Address J. H. Dawson, 957 Tioga St., Wilkinsburg.

The Independent Collegians also want to hear from Monessen, Decoration day and July 4th being open—Jess Kratt, 244 Stewart St., Pittsburgh.

Remember That Oyster Supper

An oyster supper will be given by the members of the United Brethren church, Saturday evening, March 16, from 4:30 until 10 o'clock, in the Speigelberg building, corner of Fourth and Schoonmaker (the room formerly occupied by Warpola and Pasoja's grocery). The expense of the supper will be only 25 cents and a most cordial invitation is extended to every person. 36-6t

GLASS WORKERS GET INCREASE IN WAGES

Belle Vernon is experienceing one of the most prosperous seasons that has been known in the history of the town according to statements made recently by prominent business men of that place. The American Window Glass company, one of the largest plants of its kind in this locality is contemplating improvements shortly, and right on top of this announcement comes an increase of 33 1-3 per cent in the scale of wages for the workers of the plant in all departments.

At a recent meeting of the Manufacturers and glass workers in Cleveland, O., the increase in wages was granted and will take effect today and continue on the same scale until May 30. In view of the fact that the Glass workers all over the country and especially in this district have worked hard for this increase, it is thought that the scale at the expiration of the present agreement will be made permanent, although at the present time there has been no definite information to this effect.

At the request of the Manufacturers the raise in wages has been put off for two weeks because of the present condition of the market. It is said that this will not have any effect on the increases in wages but is simply a matter of convenience for the employers.

Top Notch Show at the Olympic

Fuller's Minstrellette and Vaudeville company at the Olympic theatre last evening played to two large houses and one of the best shows that has ever been in this new theartre was on the boards. The songs were catchy, the costuming gorgeous and special scenery was used and the effect produced was remarkably pretty. In addition to the opening scene there were several high class vaudeville acts by the members of the company and these were up to the usual standard of acts that have been given at this popular play house since its opening. Moving pictures of especial merit were shown. "Gaumont's Weekly" showing the most important current happenings will be shown hereafter on every Friday.

Don't Forget to Remember that on Saturday, March 16, double Parke stamps will be given on all purchases at the general store of S. W. Nahi, 508 Sixth street. 40-2t

CHORAL UNION ENJOYS TRIP TO FAYETTE

The Monessen Choral Union gave a concert in the Presbyterian church at Fayette City Friday evening and was greeted by a crowded house. We learn that the entertainment given was highly appreciated and each number was most enthusiastically encored. The chorus was ably assisted by Miss Mary Churchman Byers of Pittsburgh as violinist, and her excellent work was pronounced exceedingly creditable and the appreciation of the Fayette City people was most liberally expressed. The concert was given under the auspices of the Ladies' Aid Society of that church and the members have every reason to feel gratified with the success of the affair, both as an attraction and in a financial sense. The members of the "Union" went to Fayette City on the 8 o'clock train and arrived in very satisfactory form, but when the "coming home time" came was when the fun began. They had intended coming home by crossing the river in the ferry and return by trolley, but on account of the exceeding high water that was thought unsafe, although a few of the more venturesome did take chances. However some walked up over the hill to Pricedale, while others hired two road wagons and made their way therein to the Pricedale end of the Monessen street car line, and after "sounting noses" at a very late hour it was found that all got home safely, but Oh! My! That experience. "Never again, never again," say they all.

Candidates Visit Monessen

F. J. McAllister of New Kensington and John F. Ely of Jeannette, both candidates for assembly spent yesterday in Monessen, meeting the local voters. Mr. McAllister is of one the Allegheny valleys leading citizens and business men and is now active in his campaign of the district. Mr. Ely is a well known resident of the glass town and is a brother of our townsman, Lewis X. Ely.

Mrs. George McDonough was taken to the McKeesport hospital today for an operation.

Keep Tariff on Sugar

It will be remembered by our readers that one day last week the Daily Independent contained an editorial referring to the Wisconsin Sugar Company of Milwaukee, and their desire for a suitable location for the erection of a million dollars refinery, provided our great moguls at Washington City can unite on the advisabitlity of retaining the present duty on sugar. Now, how a copy of our paper found its way right into the office of the head of this great beet sugar refining company, we do not know, but that it did, and that someone is mutually interested is evidenced by the following letter received in this office today, derect from the "seat of war:"

Milwaukee, Wis., March, 12, 1912
Independent,
Monessen, Pa.

Gentlemen:

"I notice in your publication, a reference to the plans of the Wisconsin Sugar company of this city, of which Richard Wagner is president, to build a beet sugar factory in Pennsylvania.

I merely wish to call attention to the fact that this announcement is contingent solely upon the defeat of the bill to place sugar on the free list. If the present duty on sugar is retained, the Milwaukee company, I am authorized to say, will build in Pennsylvania. If not, there will be no extensions of the local plants and in fact, the probability is that the placing of sugar on the free list will force the shut down of practically every sugar factory in the United States.

The sugar trust is aiming to wipe out the beet sugar competition by placing sugar on the free list, thus giving the sugar trust a monopoly of the business by means of its control of the tropical raw sugar imports and the refining end of the business."

Yours very truly,
E. M. B. Owen.

We appreciate the above, and while we may never get even a thought as a possible suitable location for the sugar refining plant, we feel gratified that the little Daily Independent in its rambles up and down this broad land does, here and there, frequently find recognition and an opportunity to work good to some one. At any rate here's hoping that even if that obnoxious sugar duty removing bill should pass both houses and come up to President Taft for consideration, he will not hesitate to "kill it" by affixing his veto signature thereto.

Mail Service Facts

A day or so ago we were asked for information relative to the institution of the postal money order and registry departments, and the following will be found reliable: The registry system was established March 3, 1855. A sender has always received a receipt for registered articles deposited in the mails, both domestic and foreign. The form of return receipt, sent with the article to its destination, signed by the addressee, and returned to the sender, was established about 1970.

The postal money order system was authorized by Congress November 1, 1864. The practice of furnishing a receipt with each domestic money order issued was commenced with a form of money order issued January 1, 1903 and has been continued to the present time. A receipt form has always been furnished the remitter of International money orders.

REVIVAL MEETINGS TO CLOSE TOMORROW

The First Presbyterian church was crowded to its capacity Friday evening to hear Evangelist Houck.

The sermon was of a different character than that of the preceding evening. However, the Evangelist referred to the former sermon and declared that he had said nothing that he wished to retract. Mr. Houck believes that sin is sin, no difference by what name men may call it. He judges a life or a practice by its fruitage, and draws his conclusions accordingly. His sermon last night was upon "The regenerated man." He said that he "did not blame the carnal man for loving sinful pleasures and kindred practices for it was natural so to do."

"But when men are born again, old things pass away and the new man in Christ is a transformed creature in his likes and dislikes. Hence, men are judged as to their spiritual birth by the things they like and practice."

Rev. Houck will not be present tonight but the services will be under the direction of Mr. Porter, who will deliver a farewell message. The Evangelistic campaign will close with the Sabbath evening services.

A SERIOUS TROLLEY WRECK IS AVERTED

Yesterday afternoon about 4 o'clock, one of the big through cars on the Pittsburgh Charleroi street car line jumped the tracks at a point directly across the river from the Pittsburgh Steel plant and dashed into the bank on the side. There were no injuries but the passengers were badly shaken up and several women are said to have fainted.

The tracks were torn up for a distance of about 30 feet. The steps on the car were demolished and traffic was tied up for almost a half hour by the accident. Had the car jumped from the track on the opposite side, it would have plunged over an embankent almost 300 feet high and the results would have no doubt been of a disastrous nature.

GETTING READY FOR A BIG COAL STRIKE

The majority of the local manufacturing plants and various manufacturers along the Monongahela valley are preparing for the coal strike that is expected to take place on the first of April. Millions of bushels of coal are arriving every week and the cars being unloaded and returned to the mines as fast as possible.

The coal stored during this time is expected to tide over during the strike period.

Although the suspension of the mines is generally looked for, it is not thought by those people who are in closest touch with the situation as it really stands, that there will be a long drawnout strike. It is not thought however that any agreement will be reached on the wage scale without considerable contention. The miners are demanding an increase of ten per cent and shorter working hours. The coal operators, it is said, are in favor of granting an increase of five per cent and no more. Should this strike be called, over 20,000 men between McKeesport and Brownsville in the Monongahela valley would lay down their tools. The majority of the miners being members of the Union.

The Pittsburgh Steel Co., National Tin Plate Works, Page Woven Wire Fence Co., Carnegie Steel Hoop Co., and Monessen Foundry and Machine Co., are the local plants that are dependent on the continual operation of the mines and these are all preparing in some way for the strike. Reports from the local freight yards show that an immense amount of coal is being hauled daily.

He Called It Luck.

Michael Meehan was the proud possessor of a brand new silk high hat. At the wake of his dearest enemy he had guarded it carefully, and as a consequence was strolling home with the tile unscathed. As he passed the site of a building operation, a woman acquaintance nodded pleasantly. With an ostentatious wave of the hat, which exhibited it to excellent advantage, Michael bowed. At the same moment a brick sailed down from an upper floor and bounced from his bared skull. Upon coming to, he inquired anxiously for the hat. A bystander restored it unharmed. Mike felt the egg-size lump on his head occasioned by the impact of the brick, and then regarded his undamaged tile. "B'gorry," he sighed in satisfaction, "it's lucky it is I saw the loidy in toime!"—Lippincott's Magazine.

His Economy.

The children in the Blank family were taught habits of neatness at the table by being compelled to pay a fine of 1 cent for every spot they put on the tablecloth. One day Harold, a boy of seven years, was discovered rubbing the overhanging part of the cloth between his fingers, and, when taken to task for it, he said: "Why, Mummy, I was just trying to rub two spots into one!"—Woman's Home Companion.

Evil Bound to Spread.

There is no sort of wrong deeds of which a man can bear the punishment alone. You cannot isolate yourself and say that the evil that is in you shall not spread. Men's lives are as thoroughly blended with each other as the air they breathe. Evil spreads as necessarily as disease.—George Eliot.

THE SAVIOR'S TEACHINGS
BROOKLYN TABERNACLE
BIBLE STUDIES

SIN-FORGIVENESS AND HEALING.

Mark ii, 1-12—March 17.

"Bless the Lord, O my soul, and forget not all His benefits: who forgiveth all thine iniquities; who healeth all thy diseases."—Psalm ciii. 2, 3.

WHEN later the Savior returned to Capernaum there was a crush to see and hear Him, and to bring the sick for His healing words and touch. The miracles which our Lord performed were specially with a view of getting the ear of the people for His Message—the Gospel of the Kingdom—the good news of the privilege of becoming sons of God and joint-heirs with Jesus in the Messianic Government which would bless Israel and all nations with light, knowledge, and uplift from sin and death.

It was while He was thus preaching that some earnest ones brought to Him a palsied man for healing. Unable to come into the house or its court because of the throng, they removed some of the tiling stones of the roof, and lowered the sick man into the presence of the preaching Savior. Such implicit faith, manifested by such heroic effort could not fail to be appreciated by the Redeemer.

"Thy sins be forgiven thee."

But the unexpected happened. Instead of healing the man of his disease, Jesus exclaimed, "Thy sins are forgiven thee." Under God's arrangement with the Jews, under their special Law Covenant, original sin was typically atoned for by the typical sacrifices, and the people were held to account for their transgressions of the Law. Hence, amongst the Jews, serious sickness implied serious sins.

We are not to forget that such special dealings were with the Jews only—that they never applied to Gentiles nor to Christians. God has no such Covenant with the Church, nor with the world in general today. Hence, the righteous are often sick, and sinners healthy

Authority to Forgive Sins.

There are certain great, basic principles relating to God's dealings with humanity which should be recognized. Jehovah's Government is based, not upon mercy, but upon Justice, as we read, "Justice is the foundation of Thy Throne." In one sense of the word Divine Justice never forgives and never can do so, as we will explain. We read, "All His work is perfect." Man was thus created perfect, in the image and likeness of the Creator, and therefore needed no provision for mercy so long as he was in relation with his God.

When temptation came, man fell from Divine favor and life into disfavor and under the death sentence. But another feature of the Divine character, Love, was brought into exercise for man's relief. But Divine Love or Mercy could not override or interfere with Divine Justice. In other words, God could not forgive a sinner whom He had sentenced to death. What He could and did do, was to provide in due time for man's redemption. All of Divine Mercy, therefore, flows through the channel of redemption.

The Philosophy of the Forgiveness of Sins.

Applying this principle to our Savior and His teachings, we ask, How could He forgive sins when Divine Justice could not forgive sins, nor set aside the penalty of sin? The answer is, Jesus was the representative of Divine Mercy, and was at that time amongst men for the purpose of giving His life as a sacrifice on man's account, and therefore to Him belonged the distinctive honor of forgiving sins.

However, His surrender of His all did not give Him the authority to forgive sins. It was the heavenly Father's acceptance of His consecration—His sacrifice, that counted. God's acceptance of Jesus' sacrifice was manifested in His impartation of the Holy Spirit, which lighted upon Jesus like a dove, as was testified by John the Baptist, and also testified by Divine power which thereafter operated in and through Jesus for the healing of diseases.

"Justice is the foundation of thy throne."

The text for this study comes from the Psalms and is most interesting. The Prophet David may have appropriated the words to himself as a Jew and may have thought of his own physical healing and blessing as evidences of the Lord's favor under the Law Covenant. But the prophetic application of this Psalm to spiritual Israel is still more interesting. The spiritual Israelites are new creatures, spirit-begotten, and have this treasure in earthen vessels.

With these it is the new creature that recognizes his healing, his forgiveness, and, according to God's promise, all things are working together for good to him, because he loves God and has been called according to the Divine purpose.

DANGER PERIOD OF WOMANS' LIFE FROM 45 to 50
Interesting Experience of Two Women—Their Statements Worth Reading.

Asheville, N.C.—"I suffered for years with female trouble while going through the Change of Life. I tried a local physician for a couple of years without any substantial benefit. Finally after repeated suggestions to try Lydia E. Pinkham's Vegetable Compound, I quit my physician and commenced using it with the happiest results. I am today practically a well woman and anxious to contribute my mite towards inducing others to try your great medicine, as I am fully persuaded that it will cure the ailments from which I suffered if given a fair chance.

"If you think this letter will contribute anything towards further introducing your medicines to afflicted women who are passing through this trying period, it is with great pleasure I consent to its publication."—Mrs. JULIA A. MOORE, 17 East St., Asheville, N. C.

The Case of Mrs. Kirlin.

Circleville, Ohio.—"I can truthfully say that I never had anything do me so much good during Change of Life as Lydia E. Pinkham's Vegetable Compound.

"Before I had taken one half a bottle of it I began to feel better, and I have continued taking it. My health is better than it has been for several years. If all women would take it they would escape untold pain and misery at this time of life."—Mrs. ALICE KIRLIN, 358 W. Mill St., Circleville, Ohio.

The Change of Life is one of the most critical periods of a woman's existence. At such times women may rely upon Lydia E. Pinkham's Vegetable Compound.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color--Dandruff Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect.

Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skilful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy.

This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

Here is one case of it:

Mrs. J. C. Jones, 965 Donner Ave., Monessen, Pa., says: "I know Doan's Kidney Pills are a good remedy for kidney disorders, for they have been used in my family for several years with the best results. The party who took them suffered very severely from pains in the back and was also annoyed by too frequent passages of the kidney secretions. Doan's Kidney Pills brought such great benefit from the first that they have been used since whenever there has been need of a kidney medicine and they have always been effective. I myself, have never had need of a kidney remedy but I can recommend Doan's Kidney Pills, knowing what they will do for anyone afflicted with kidney disease."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States.

Among the Theatres

OLYMPIC

This afternoon and evening at the Olympic, Fuller's Minstrellette and Vaudeville company in a big evening's entertainment. Two good moving pictures are also being shown, "Through Flaming Gates," an inspiring drama that is just what everyone has been looking for and "From 400 to the Herd," a story of the western plains with cowboys and lots of excitement. 1t

All next week, Antonio Perrone the noted Italian baritone singer at the Olympic, singing both a popular and operatic selection at each performance. 1t

THE LUNA

Special features, special music, special attention to children and every comfort of our many patrons looked after by competent attendants at all times. "The Luna," where the best people go. 39 3t

THE BIJOU

For a good hour's entertainment and to enjoy a hearty laugh, go to the Bijou theatre today. "Lula's Anarchists" is without question one of the funniest pictures ever shown. More laughs than are in an ordinary man's system. "A Siren of Impulse," something new and entirely original by the Biograph Co., one of those soul stirring pictures that appeal to all. Another good picture, making three in all and our unbeatable orchestra in all the latest popular airs. 1t

Presbyterian Church Services

Presbyterian:—Sabbath school at 9:45. Preaching services at 11 and 7:30 by Rev. Houck. At 3 o'clock Rev. Houck will address the young people upon the subject, "The boy that ran away." All the young people of the various Sabbath schools are invited to attend. The Christian Endeavor will meet at 6:30, theme—"Success worth having and not worth having," Daniel 4-28-37. Miss Elizabeth Mitchell, leader. A cordial welcome to all these services. Good music and straight Gospel preaching.

NEW ARRIVALS AT BORO' HEADQUARTERS

Two additions to the Police department were made last evening and as a result there was a great joy halo hovering over the police court this morning. The "Divine Sarah Bernhardt," who acts so admirably in keeping the aforementioned court clear of mice and rats and other pesky rodents, is the proud mother of two of the cutest little kittens that could be imagined. Sarah's face is wreathed in smiles almost as large as an ordinary pie pan and during her absence from duty she has appointed Chief Wheatley, official rodent chaser.

There is some argument as to who the two cats should belong to when the day for distribution comes. Jerry McKenzie says he wants one but then Jerry might want to feed the animal peanuts and everyone knows that kittens can't live forever on peanuts. Councilman Sheetz wants one but then he lives so far away from the "hang out" of the mother that it would be a long time before the kitty would be able to get a glimpse of its parent. The street car company won't carry cats for nothing, it's too early for autos and it is also too young too walk such a distance.

There will possibly be a presentation of claims before the Burgess at an early date and at that time the cases of all "would be owners" will be heard and the "future Sarahs" awarded to those putting up the best guarantees.

News Notes of Society

The Golden Rule class of the Christian Sunday School held the regular monthly meeting and sewing bee Friday afternoon at the home of Mr. and Mrs. Samuel Fields on Oneida street. The girls, about twenty-five in number, along with their teacher, Mrs. Alice E. McKenney were entertained by Miss Edna Fields, a class member, and the hours were very enjoyably spent. After the business hour the remainder of the time was passed with needle work, the little Misses all having acquired a deep interest in this pastime and under the instruction of their teacher are becoming quite proficient. The little hostess, assisted by her mother, served a most delicious lunch and the young folks joyously said their good-bye's about five-thirty.

Miss Bella Brown, gave a surprise and farewell party last nigh in honor of her sister Miss Florence Brown, at the home of their sister, Mrs. Andrew Manown of East Monessen. About fifty young friends gathered at the home, and the honor guest was completely surprised when she at last figured what was "doin." The evening was most pleasantly passed with sociability, games, music etc., which was followed by a luncheon spread by Mrs. Manown and Miss Bella Brown. In the midst of the excitement Miss Florence was presented a handsome bracelet by her friends, which was naturally much appreciated. Miss Brown expects to soon go to Canonsburg to make her future home.

Mrs. W. S. Bumbaugh gave a "500" party last evening at her home on McKee avenue in honor of her son Carl, who is home for a spring vacation from Mercersburg Academy. The affair was a complete suprise on the young man but he quickly recovered himself and in company with those assembled enjoyed a very pleasant evening at cards. A delightful lunch was served at a late hour.

THE MAN OF THE HOUR IS ROBBINS

(Continued from page one

in wealth and population. He believes in the protection of the interests of the wage earner as well as the industries' for he has traveled much through foreign countries and has seen men and their wives tamp ties in the scorching sun for a pittance scarcely sufficient to sustain the body. He knows that to inflict such reductions in the tariff scedule as is proposed in the Underwood bill would bring to this country disaster. This knowledge has been gained through travel and study and these elements figure in his qualifications for congress.

Then, he has to commend him to the people, that real progressiveness that is looking at all times to the interests of his constituents. His past record shows this to be true.

While a member of the senate of Pennsylvania Col. Robbins introduced the first measure for the free text books in the state. He was an ardent supporter of the idea which furnished free text books to all the school children and lifted a heavy burden from the people.

In all other matters of legislation with which Col. Robbins has had anything to do, his vote stands recorded as being with the side in which the greatest number of people are interested. That the people of Westmoreland and Butler counties will be serving their best interests by sending Col. Robbins to congress from this district is beyond dispute.
